Professional Summary

AI-Native Software Engineer with expertise in backend development, RESTful API design, and scalable system architecture. Proficient in Python, Django, and ASP.NET Core, with hands-on experience building data-driven and automation-focused applications. Solved 300+ algorithm challenges, strengthening data-structures expertise. Applied LLMs in real-world projects by building RAG pipelines, orchestrating agentic systems, and engineering AI-driven workflows for end-to-end intelligent applications.

Technical Skills

Languages: Python, C, Java

Frameworks/Libraries: Django, React, ASP.NET Core, NumPy, PyTorch

Core Concepts: Data Structures & Algorithms, OOP, REST APIs, System Design, CI/CD

AI/ML Skills: Machine Learning Fundamentals, Retrieval-Augmented Generation (RAG), Prompt Engineering

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, Swagger, VS Code

Projects

- **College Recommendation System** – Python, Tkinter, Pandas
  - Built a GUI-based application to recommend colleges using filters such as state, fees, and courses.
  - Processed and filtered large datasets with Pandas to return relevant results based on user input.
  - Optimized query handling to improve response time for dynamic filtering.
- **ITIL Ticketing System** – Python, PyQt5/6
  - Developed a multi-user desktop ticketing system for managing IT service requests.
  - Engineered ticket workflows for creation, assignment, prioritization, and resolution tracking, reducing paperwork by 75% in IT operations.
  - Implemented a modular architecture and role-based access control, improving system reliability.

Experience

Full Stack Development Intern (On-site)
Truebodh Technologies Pvt. Ltd Ghaziabad | Jun 2024 - Aug 2024

- Built and integrated Blazor UI components with ASP.NET Core Web APIs.
- Implemented JWT-based authentication and role-based authorization, reducing unauthorized access attempts by 40%.
- Designed and tested REST APIs using Swagger, improving API testing efficiency by 25**%**.
- Collaborated in Agile/Scrum environment, actively participating in planning and code reviews using Git/GitHub.

Education

B.Tech in Computer Science and Engineering
Dr. A.P.J. Abdul Kalam Technical University, Lucknow | CGPA: 7.2/10 | Expected July 2026

Intermediate

Kendriya Vidyalaya No.1 Cantt Shahjahanpur, UP | Percentage 63% | 2022

High School

Kendriya Vidyalaya CRPF Nagpur Maharashtra | Percentage 71% | 2020
